

No.	Transmission Utility Projects	Client	Scope of Work
1	Munmorah Substation	AusGrid	New 132/33kV GIS substation
2	Springvale Terminal Station	AusNet	In situ 330kV rebuild
3	OPSWAN Installations	ElectraNet	Security system installations (Various)
4	Happy Valley Substation	ElectraNet	Noise mitigation construction
5	Magill - Happy Valley Tx line	ElectraNet	275kV OHL insulator replacement
6	Neuroodla Mt Gunson Substation	ElectraNet	In situ rebuild of two remote 132kV substations
7	Morgan Whyalla # 1 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
8	Morgan Whyalla # 2 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
9	Morgan Whyalla # 3 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
10	Morgan Whyalla # 4 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
11	Mannum Adelaide # 1 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
12	Mannum Adelaide # 2 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
13	Mannum Adelaide # 3 Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
14	Millbrook Pump Stn Replacement	ElectraNet	In situ rebuild of 132kV substation
15	South East Control Scheme Upgrade	ElectraNet	In service protection upgrade
16	TIPS A & B Site Infrastructure Safety Works	ElectraNet	Earthing upgrade
17	South East C/B Replacement	ElectraNet	In situ upgrade of 275kV substation on SA/Vic interconnector
18	Dalrymple Substation	ElectraNet	Substation upgrade
19	Tailem Bend Construction New Bay	ElectraNet	275kV Transformer storage bund
20	3rd TRFR at South East SS	ElectraNet	In situ upgrade
21	Northwest Bend CB Fail	ElectraNet	In situ protection upgrade
22	South East Reactive Plant	ElectraNet	In situ circuit breaker replacement
23	NWB - CBF Duplication	ElectraNet	In situ protection upgrade
24	Disconnecter Works at Black Range	ElectraNet	In situ isolator upgrade
25	Port Lincoln Network Support Connection Point	ElectraNet	In situ substation upgrade
26	Mt Gunson South Substation Stage 2	ElectraNet	275kV expansion to existing 132kV substation
27	Blyth West Substation 'Cut-In'	ElectraNet	New lattice tower and installation of OPGW
28	Mt Gunson South Line Works	ElectraNet	132kV transmission line 'cut-over'
29	Pioneer Valley	Powerlink Queensland	Primary & Secondary systems replacement
30	TCAC Trial	Powerlink Queensland	Non-intrusive powerline foundation assessment
31	Moranbah Substation	Powerlink Queensland	Transformer replacement and Cap Bank installation
32	Mudgeeraba Substation	Powerlink Queensland	Replacement of Primary and Secondary systems
33	Nebo Substation	Powerlink Queensland	Substation road upgrade
34	Kamerunga GIS Testing	Powerlink Queensland	Concept testing of GIS substation
35	TCAT - Clare Townsville Line	Powerlink Queensland	Non-intrusive powerline foundation assessment
36	Bouldercombe Substation	Powerlink Queensland	In-situ rebuild of substation (2 x transformer replacements)
37	Kemmis Substation	Powerlink Queensland	Transformer replacement
38	Gladstone South/ QAL	Powerlink Queensland	Secondary Systems Upgrade works
39	Ross Substation	Powerlink Queensland	HV plant upgrade
40	Collinsville to Proserpine 132kV Line	Powerlink Queensland	Refurbishment of 194 towers
41	Richlands to Summer	Powerlink Queensland	Refurbishment of 15 x 110kV double-circuit lattice towers
42	Mackay Area 132kV Refurbishment	Powerlink Queensland	Refurbishment of 132kV transmission line
43	Upper Tumut Switching Station	TransGrid	In situ rebuild of 330kV substation
44	Yass Murray Shunt Reactors	TransGrid	Installation of 330kV shunt reactors
45	Wellington Substation	TransGrid	New 132kV switchbay
46	Tamworth Substation Rebuild	TransGrid	New 132/66kV substation
47	Newcastle Substation	TransGrid	330/132kV transformer replacement
48	Deer Park Substation	TransGrid	New 220/66kV substation
49	Albury Substation	TransGrid	Secondary systems upgrade
50	Sydney South 330 kV Substation	TransGrid	415V AC switchboard replacement
51	Taree 132 kV Substation Rebuild	TransGrid	Secondary systems and selected equipment replacement
52	Security Upgrades	TransGrid	Security camera upgrades at 9 substations
53	New Grafton Correctional Centre	TransGrid	D&C New 132/11kV substation and 132kV OHL
54	Snowy 2.0 Construction Supply - Ravine	TransGrid	D&C New 330/33kV GIS substation & 330kV OHL cut -in
55	Tamworth - QLD/NSW Interconnector	TransGrid	D&C 330/132kV substation augmentation and upgrade
56	Dumaresq - QLD/NSW Interconnector	TransGrid	D&C 330/132kV substation augmentation and upgrade
57	Line 25/26 Life Extension Works	TransGrid	330kV transmission line refurbishment / upgrade
58	Line 22 Life Extension Works	TransGrid	330kV transmission line refurbishment / upgrade
59	Line 959/92Z Life Extension Works	TransGrid	330kV transmission line refurbishment / upgrade
60	Crookwell 'Cut In'	TransGrid	330kV lattice tower construction and OHEW reconductoring
61	Low Span Remediation	TransGrid	Remediation of low spans in southern NSW
62	Bathurst OPGW Installation	TransGrid	Stringing of OPGW on 330kV and 132kV structures
63	Vales Point Tower Refurbishment	TransGrid	330kV tower refurbishment
64	Dapto Transmission Line Upgrade	TransGrid	Replacement / Installation of OHEW, OPGW and insulators
65	Dubbo to Narromine Transmission Line	TransGrid	132kV transmission line construction / 66kV line dismantling / removal
66	Yass to Wagga Transmission Line	TransGrid	Replacement of old wooden structures and line reconductoring
67	QLD/NSW Interconnector SVCs	Siemens	Installation of 2 x 330kV SVC's at Tamworth & Dumaresq
68	QLD/NSW Interconnector Capacitor Banks	ABB	Installation of 330kV Capacitor banks at Tamworth, Dumaresq & Armidale
69	Wellington Substation	TransGrid	Reactorb Replacement
70	Forbes Substation	TransGrid	Replacement of 2 x power transformers
71	Coleambally Substation	TransGrid	Replacement of AC & DC systems
72	Gladstone South Substation	Powerlink Queensland	Secondary Systems Replacement
73	Mt England Substation	Powerlink Queensland	Secondary Systems Replacement
74	Broadsound Substation	Powerlink Queensland	Installation of Bus Reactor
75	Davenport Substation	ElectraNet	Installation of 2 x synchronous condensors
76	Roberstown, Bundey & Tungkillo Substations	ElectraNet	Major substation works for Project Energy Connect
77	Leigh Creek Substation	ElectraNet	Installation of 132kV transformer
78	Para Substation	ElectraNet	Replacement of static var compensator & associated equipment

No.	Transmission Utility Projects	Client	Scope of Work
79	Eastern Hills Substation	ElectraNet	Unit asset replacement
80	Parafield Gardens West Substation	ElectraNet	Unit asset replacement
81	Kilmore Terminal Station	AusNet	Bay extension
82	Moorabool Terminal Station	AusNet	Installation of 220kV shunt reactors
83	Foster Zone Substation	AusNet	CB & CT Replacement
84	Moorabool Terminal Station	AusNet	Replacement of protection and control systems
85	Kilmore Zone Substation	AusNet	REFCL installation
86	Victorian Transmission Network	AusNet	OPGW and ground wire replacement
87	Broken Hill Substation	TransGrid	Secondary System Replacement
88	Mortlake Power Station	AusNet	Design, install, test and commission primary, civil/structural, transmission lines, communications and secondary equipment and structures for500kV switchyard
89	UAR Metro 2.4	ElectraNet	replacement of substation primary and secondary equipment
90	East Rowville TS	AusNet	220kV and 66kV refurbishment
91	Para Substation	ElectraNet	Reactor Installation
92	Moorabool Terminal Station	AusNet	Major Upgrade Works
93	Cressy Terminal Station	AusNet	Major Upgrade Works
94	TIPS Reactor Replacement	ElectraNet	Installation of 275 kV Reactors at Torrens Island Power Station substation
95	Murray Transformer Replacement	TransGrid	Replacement of 330 kV transformers at the Murray Substation
96	Lower Tumut SSR Project	TransGrid	Replacement of Secondary Systems at Lower Tumut Substation
97	HYTS APD 500 kV Line Works	AusNet	Construction of new 500 kV Towers and Bypass Lines
98	Sydenham Terminal Station Rebuild	AusNet	Construction of new Switchyard
99	Sydney West Data Centre Connection	TransGrid	D&C of 330 kV Substation and Grid Connection
100	Accelerated Syncons Package	TransGrid	D&C of upgrades to 3 x 330 kV Substations to facilitate installation of synchronous condensers

No.	Distribution Utility Projects	Client	Scope of Work
1	Dandenong Zone SS	Alinta Asset Management	Third Transformer & Indoor 22kV Switchboard (D&C)
2	Nunawading SS	National Power Services	Installing 66/22kV Transformer, CBs & Switchgear (D&C)
3	Oakleigh	Alinta Asset Management	Upgrading 11/22kV to 66/11kV Substation (D&C)
4	Oakleigh - Stage 2	Alinta Asset Management	Installing 66kV bus-tie at Ormond 66/11kV Substation (D&C)
5	Caulfield	Alinta Asset Management	Installing 2 x 66/11kV Transformers, Buses & Switchyard (D&C)
6	Stockdill Transmission Line	EvoEnergy	132kV transmission line construction
7	Tower Grillage Remediation	Endeavour Energy	Inspection and remediation of tower grillage footing legs
8	Line feeders	Endeavour Energy	Installation of new 132kv feeders
9	Caulfield	Alinta Asset Management	Installing 2 x 66/11kV Transformers, Buses & Switchyard (D&C)
10	66kV Transmission Line Refurbishment	Essential Energy	Refurbishment of Tamworth to Gunnedah line
11	Tower Painting	Ausgrid	Application of corrosion protection systems on lattice towers
